WABIDA 2010 FALL CONFERENCE

Tables will be available to exhibitors at the Fall WABIDA conference October 23, 2010 at the Black River Conference Center in Renton. Register for the conference now at [www.WABIDA.org](http://www.WABIDA.org).

WABIDA offers exhibit space to businesses and organizations that support WABIDA's mission and simultaneous, multisensory language education. The International Dyslexia Association supports efforts to provide dyslexic individuals with appropriate instruction and to identify those individuals at an early age. The association believes that multi-sensory teaching and learning are the best approach currently available for those affected First by dyslexia. The association, however, does not endorse any specific program, speaker, or instructional materials, noting that there are a number of programs which present the critical components of instruction as defined by the Task Force on Multi-sensory Teaching which works under the guidance of the Teacher Education Issues Committee

Space is offered at no cost, when available, to non-profits that are not supported by fees. Other organizations are offered space on a first come, first served basis at rates established by the WABIDA Board.
